

**ANTHEM ONE™**

# TECHNICAL PRODUCT SHEET

**Anthem One Model PW-UVC-001**

**Anthem One PW-UVC, built in the USA, is the most powerful handheld disinfection system on the market. Constructed in an aluminum housing, the unit is durable, reliable, and built to last. The pistol grip allows easy handling for disinfection of rooms, vehicles, and equipment. Operated from a standard 110 outlet or plugged into a portable battery pack for remote operation it is ready to work anywhere.**

## FEATURES:

- Peer Reviewed Data against Numerous Pathogens  
Inactivates 99.9999% in seconds
- Chemical free disinfection  
No left behind, built-up chemical residue
- Compact but Powerful  
The lightweight design, ergonomic handle and 30-foot cord make it easy to use and has ability to get close to target surfaces for the fastest disinfection in the market.
- Easy to Operate  
Training manuals and online training offer new employees a chance to learn how to operate safely in any scenario. It is quick, easy to understand, and helps you maintain a safe working operation.
- Multiple use cases and environments  
Perfect for Schools, healthcare, Emergency response vehicles, Police, Houses of worship, planes and so many more
- Lower Overall Cost of Ownership  
Low energy usage and a lifespan of over 10,000 hours and a design for durability. This light will last for years in heavy use environments
- Safety at its core  
Quick on/off switch and Key Lock switch provide safety with no bulbs to break, and no toxic mercury vapor
- No Ozone  
Unit does not produce any ozone and is safe to operate anywhere, even in enclosed areas such as hotel rooms, classrooms, or offices.

## SPECIFICATIONS:

Form Factor: Handheld, portable system

Light Source: LC-LED

Wavelength: 265 nm Narrow bandwidth

UVC Output: 2,850,000  $\mu\text{W}/\text{cm}^2$

Voltage: 110v

Wattage: 205 watt

Amperage: 4.5 amps

Dimensions: 5.5" Cube

Unit Weight: Total <4 lbs.

Power Cord: 30-foot industrial grade

Operating Life: Light Card = +10,000 hours

EPA Est. 100821-AZ-1
